Summary

MERN Stack Developer with hands-on experience in building performant, scalable, and user-centric mobile applications. Skilled in front-end technologies including ReactJS, and modern UI frameworks. Proficient in integrating RESTful APIs, managing state, and using version control systems like Git. Successfully developed multiple projects from scratch, focusing on real-time data handling, cross-platform compatibility, and intuitive user experiences. Demonstrates the ability to work in agile teams, collaborate with designers and back-end developers, and incorporate user feedback to enhance applications.

Technical Competencies

- **Frontend:** React-vite | ReactJS | Core Java | HTML | CSS | JavaScript
- **Backend:** NodeJS, Express
- **Database:** MongoDB, MySQL
- **Version Control:** Git, GitHub
- English – Professional Working Proficiency, Hindi – Native or Bilingual Proficiency

Experience

- **Myitronline** Aug 2025 – Sep 2025
 - Developed responsive and interactive UI components using ReactJS and Tailwind CSS.
 - Collaborated with backend teams to integrate RESTful APIs and optimize frontend performance.
 - Assisted in debugging and improving frontend code for better user experience and faster load times.
- **Null Classes** Jul 2024 – Aug 2024
 - Built full-stack applications with a strong focus on frontend development using ReactJS.
 - Implemented user authentication flows and dynamic search interfaces with real-time updates.
 - Enhanced UI components for better usability and responsiveness across devices.

Projects

Internshala Clone

- Uses React for dynamic UI and likely Node/Express on the backend for handling routes and APIs.
- Implements login/signup features so students and employers can authenticate.
- Displays internship or job opportunities that users can browse and maybe filter/search.
- The interface is clean, mobile-friendly, and styled using utility-first CSS (like Tailwind CSS), making it modern and easy to use.

Paradise Hotel

- A clean, visually appealing hotel landing page designed for showcasing a hotel's services, rooms, amenities, and location.
- Includes a booking form or reservation interface where users can check availability, select dates, and submit booking requests.
- Structured sections that highlight room types, features and testimonials to improve trust and engagement with visitors.
- Intuitive navigation with clear sections that helps visitors find info fast.

Education

Bachelor of Technology (CSE)

10/2021 - 07/2025

[Gateway Institute of Engineering and Technology](#), Sonipat, Haryana

Senior Secondary Education

[Shiva Shiksha Sadan School \(CBSE\)](#), Sonipat, Haryana

2019-2020

Certificates

- Mastering Data Structures & Algorithms, ReactJS, CSS3 – LinkedIn Learning
- Modern JavaScript – Coursera
- C Programming & Data Structures – Great Learning

Leadership & Extra Curricular Activities

- President of Codex Club – Organized coding workshops & hackathons
- Head Coordinator in Technical Fest Yugantar (2024)
- Coordinator of WebWizardz (Technical fest 2023)

Interpersonal Skills

- Team Leadership | Management & Coordination | Decision Making | Verbal and Written Communication
